

# 60" BW Rebuilt Alignment-Free Drives

**West River Conveyors + Machinery Co.** has been a leader in custom-designed, custom-built belt drives and complete conveyor packages for more than 30 years. Our focus is to supply competitively-priced, quality equipment for the sand and gravel, coal, potash, salt, trona, and precious minerals mining industries.

We currently have inventory to rebuild up to twenty (20) 60" BW Alignment-Free Conveyors. The rebuilt drives are available as **Dual**, **Triple** or **Quad** horsepower and can be customized with options to suit your operational requirements. The ability to use different combinations and configurations — such as grid couplings or fluid couplings — makes a re-conditioned alignment-free drive ideal for those looking to invest in quality products that suit a conscientious budget.

SPECIFICATIONS	
<b>Frame</b>	Heavy duty steel fabricated frame
<b>HP</b>	350HP
<b>Available as</b>	Dual, Triple, or Quad drive (depending on needs)
<b>Motor</b>	Reliance 350HP, 460VAC, 1792RPM, TEFC
<b>Reducer</b>	Falk 445ABRCM3, 350HP @ 1.75 service factor <i>Can use different ratios:</i> 24.76, 22.83, 29.2, 34.25 (depending on needs)
<b>Tunnel</b>	Falk tunnel
<b>High Speed Coupling</b>	Falk 1100T10 grid coupling or 562TVVS fluid couplings
<b>Low Speed Coupling</b>	Falk 1060MCF coupling
<b>Pulleys</b>	66"x42" pulleys, 1/2" MSHAa-approved lagging
<b>Bearings</b>	9 7/16" bearings

### Quick Facts:

- Current component inventory for up to 20 rebuilt drives
- Dual, Triple, or Quad HP
- Turnaround time: 7-10 days
- In-stock and ready for sale: Two (2) (specs available)
- Fully customizable to fit your budget
- Many more options!

West River offers a complete line of conveyor equipment for underground and above-ground operations including: belt drives, tail sections, take-up units, starters, power packs, belt and structure, and much more.
